

Be wise to being green

From making your home more energy efficient to choosing who you buy things from, it's great to make eco-friendly decisions – saving money and the environment. But it's important to make sure you're doing it in a safe and savvy way.

For advice on how to spot things like misleading energy and environmental claims and scams visit **citizensadvice.org.uk/NCW21**

If you've had a problem you can also contact the Citizens Advice consumer service at **0808 223 1133**
